--	----------

## CoolSculpting®

The CoolSculpting® fat-freezing procedure is a leading non-surgical fat reduction treatment. It uses controlled cooling to eliminate that stubborn fat that is difficult to shift, even with diet and exercise. So now there's a way to help you achieve your ideal look. The pricing structure depends on the course of treatments and the areas treated.

Pricing starts at £350.

## **Expert Skin Clinic are proud to partner up with Weightmedics**

Since 1987 Weightmedics have been offering medical weight loss programmes and nutritional guidance that have helped many thousands of patients achieve their weight loss goals. Their focus is always on helping patients lose weight for the long term in a safe and supportive environment. Patient care is at the centre of all that we do. From clinically approved weight loss treatments, to nutritional advice they offer each patient an individual solution that is right for them.

Patient care is at the centre. From clinically approved weight loss medication to nutritional advice, DNA testing to look at the impact of weight management genes, testing for nutritional deficiencies and supplement guidance they offer each patient an individual solution that is right for them.
